This is my thinking. Next meeting we have we will reveal that JCDH has a higher than average review percentage and that makes us better than everyone else. Seriously, with all of the comments I anticipate, since ADEM has not renewed any of theirs, I appreciate you all's input.

Heather,

As we discussed we are in the process of finalizing the Alabama Power Permit and would like for you to take a look at it.

Thanks again for your willingness to review.
